

MENTAL HEALTH INTENSIVE OUTPATIENT PROGRAM

Program Benefits:

The Mental Health Intensive Outpatient Program at Union General Hospital provides a multi-disciplinary approach to patient assessment, evaluation, and mental health treatment. It is available to eligible Medicare patients.

Our medically supervised program provides the services of physicians, nurses, social workers, and other trained professionals who are experienced in improving the quality of life for those in need. And helping those individuals return to maximum functioning in their daily lives.

The Mental Health Intensive Outpatient Program (IOP) is an outpatient department of Union General Hospital.

Licensed Mental Health Professionals provide individual, group, and family therapy based on an individualized treatment plan under the supervision of a Board-Certified Psychiatrist. The program is operated four days per week, Monday-Thursday.

The IOP provides a relaxed, comfortable setting where patients are encouraged to participate in group psychotherapy to promote achievement in their individualized treatment goals.
